[Yeshiva Beth Yehuda](#) – Special Education Teacher

2020 - Present

- Develop customized lesson plans based on each individual student's needs
- Collaborate with parents and staff to ensure each child is taught according to their needs
- Modify existing curriculum based on student's abilities

## **Projects**

[Little Things in Life](#)

PHP, MySQL, CSS

Worked with PHP and MySQL database to create a daily-updating happiness website. Each day a different "little thing" and positive quote are displayed, and users can send in their own moments of joy as well.

[Homework Schedule](#)

PHP, MySQL, CSS

Worked with PHP and MySQL database to create a user-friendly homework schedule. Add assignments and due dates and check them off when they are complete!

[iminchinuch.org](https://iminchinuch.org)

PHP, MySQL, JavaScript, CSS

Currently under construction, a Jewish educational website that will update based on the current date and upcoming holiday.

[Daily Schedule](#)

JavaScript, HTML, CSS

Worked with JavaScript to create a daily schedule. Schedule your day!

## **Education**
